SURVEY STANDARDS

- The plat values, azimuths, and distances are based on the project control survey system.
- The boundary monuments shown on this plat have been field checked for location. The standard deviation for the monument position is 30 millimeters.
- The county coordinates shown on one monument are based on ties to national control monuments.
- Certificates of Location have been filed at the County Recorder's Office and/or the County Surveyor's Office for the section corner monuments shown on this plat.
- For details of this survey contact the Surveying and Mapping Section at the Minnesota Department of Transportation, DULUTH, Name of District
